Disclaimer

This presentation contains forward-looking statements within the meaning of Section 21E of the Securities Exchange Act of 1934, as amended, and as defined in the U.S. Private Securities Litigation Reform Act of 1995. These forward-looking statements can be identified by terminology such as "may," "will," "expect," "anticipate," "aim," "estimate," "intend," "plan," "believe," "potential," "continue," "is/are likely to" or other similar expressions. Such statements are based upon management's current expectations and current market and operating conditions, and relate to events that involve known or unknown risks, uncertainties and other factors, all of which are difficult to predict and many of which are beyond the Company's control, which may cause the Company's actual results, performance or achievements to differ materially from those in the forward-looking statements. Further information regarding these and other risks, uncertainties or factors is included in the Company's filings with the U.S. Securities and Exchange Commission. The Company does not undertake any obligation to update any forward-looking statement as a result of new information, future events or otherwise, except as required under law.

In addition to U.S. GAAP financials, this presentation includes adjusted net income, a Non-GAAP financial measure. This Non-GAAP financial measure is not defined under U.S. GAAP and is not presented in accordance with U.S. GAAP. The Non-GAAP measure has limitations as an analytical tool and you should not consider it in isolation or as a substitute for an analysis of the Company's results under U.S. GAAP. There are a number of limitations related to the use of the Non-GAAP financial measure versus its nearest GAAP equivalent. First, adjusted net income is not a substitute for net income or other consolidated statements of operations data prepared in accordance with U.S. GAAP. Second, other companies may calculate such Non-GAAP financial measure differently or may use other measures to evaluate their performance, all of which could reduce the usefulness of the Non-GAAP financial measure as a tool for comparison. Finally, the Non-GAAP financial measure does not reflect the impact of share-based compensation expenses, which have been and may continue to be incurred in the Company's business. See the Appendix for reconciliation between adjusted net income to the most directly comparable financial measures calculated and presented in accordance with U.S. GAAP, which is net income.

Company Overview

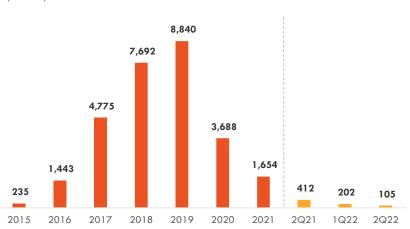

Founded in 2014, Qudian Inc. ("Qudian") is a consumer-oriented technology company in China. Qudian has been listed on NYSE since 2017 under the symbol (NYSE:QD). Qudian has raised net proceeds of \$800 million, and cumulatively repurchased US\$585 million from the market.

Qudian launched its QD Food business on a trial basis in March 2022. Catering to working-class families, QD Food features ready-to-cook dishes that can be conveniently prepared at home using simple procedures.

Qudian's total revenues and net loss attributable to Qudian Inc.'s shareholders for the second quarter of 2022 were RMB105 million and RMB61 million.

M1+ Delinquency Coverage Ratio⁽¹⁾⁽²⁾

(RMB mn)

On-balance sheet M1+ delinquent principal and financing service fee receivables
Balance of allowance for principal and financing service fee receivables

Notes:

(1) Defined as the balance of allowance for principal and financing service fee receivables at the end of a period, divided by the total balance of outstanding principal and financing service fee receivables for on-balance sheet transactions for which any payment was more than 30 calendar days past due as of the end of such period, excluding charged-off amounts. The amount charged-off has been fully covered by allowance provided by the Company

Includes on-balance sheet M1+ delinquent principal and financing service fee receivables
