### Third Quarter Financial Results

**Total revenues** were RMB110.2 million (US\$15.5 million), representing a decrease of 68.3% from RMB347.4 million for the third quarter of 2021.

**Financing income** totaled RMB35.3 million (US\$5.0 million), representing a decrease of 87.6% from RMB285.5 million for the third quarter of 2021, as a result of the decrease in the average on-balance sheet loan balance.

**Loan facilitation income and other related income** decreased by 22.4% to RMB6.8 million (US\$1.0 million) from RMB8.8 million for the third quarter of 2021, as a result of the reduction in transaction volume of off-balance sheet loans during this quarter.

**Transaction services fee and other related income** decreased to RMB2.8 million (US\$0.4 million) from RMB20.9 million for the third quarter of 2021, mainly as a result of the winding down of the transaction service business.

**Sales income and others** increased to RMB50.4 million (US\$7.1 million), which was mainly attributable to sales income generated by QD Food, from RMB7.3 million for the third quarter of 2021, which was mainly attributable to sales generated by the Wanlimu e-commerce platform. We have streamlined the QD Food business.

**Total operating costs and expenses** increased to RMB410.6 million (US\$57.7 million) from RMB273.2 million for the third quarter of 2021.

**Cost of revenues** increased by 125.9% to RMB236.2 million (US\$33.2 million) from RMB104.6 million for the third quarter of 2021, primarily due to the increase in the cost of goods sold relating to QD Food.

**Sales and marketing expenses** increased by 437.7% to RMB176.8 million (US\$24.9 million) from RMB32.9 million for the third quarter of 2021, primarily due to the increase in marketing expenses related to QD Food.

**General and administrative expenses** decreased by 60.0% to RMB63.1 million (US\$8.9 million) from RMB157.7 million for the third quarter of 2021, primarily due to the downsizing of the WLM Kids business.

**Research and development expenses** decreased by 56.6% to RMB17.4 million (US\$2.4 million) from RMB40.1 million for the third quarter of 2021, as a result of the decrease in staff head count, which led to a corresponding decrease in staff salaries.

**Provision for receivables and other assets** was a reversal of RMB63.6 million (US\$8.9 million) for the third quarter of 2022, mainly due to the decrease in past-due on-balance sheet outstanding principal receivables compared to the third quarter of 2021.

**Impairment loss from long-lived assets** was RMB5.9 million (US\$0.8 million) for the third quarter of 2022, as a result of the streamlining in QD Food operations.

As of September 30, 2022, the total balance of outstanding principal and financing service fee receivables for on-balance sheet transactions for which any installment payment was more than 30 calendar days past due was RMB51.8 million (US\$7.3 million), and the balance of allowance for principal and financing service fee receivables at the end of the period was RMB61.1 million (US\$8.6 million), indicating M1+ Delinquency Coverage Ratio of 1.2x.

### **Use of Non-GAAP Financial Measures**

We use adjusted net income/loss, a Non-GAAP financial measure, in evaluating our operating results and for financial and operational decision-making purposes. We believe that adjusted net income/loss helps identify underlying trends in our business by excluding the impact of share-based compensation expenses, which are non-cash charges, and convertible bonds buyback income, which is non-cash and non-recurring. We believe that adjusted net income/loss provides useful information about our operating results, enhances the overall understanding of our past performance and future prospects and allows for greater visibility with respect to key metrics used by our management in its financial and operational decision-making.

Adjusted net income/loss is not defined under U.S. GAAP and is not presented in accordance with U.S. GAAP. This Non-GAAP financial measure has limitations as analytical tools, and when assessing our operating performance, cash flows or our liquidity, investors should not consider them in

isolation, or as a substitute for net loss /income, cash flows provided by operating activities or other consolidated statements of operation and cash flow data prepared in accordance with U.S. GAAP.

We mitigate these limitations by reconciling the Non-GAAP financial measure to the most comparable U.S. GAAP performance measure, all of which should be considered when evaluating our performance.

For more information on this Non-GAAP financial measure, please see the table captioned "Unaudited Reconciliation of GAAP and Non-GAAP Results" set forth at the end of this press release.
