"We are delighted to report our advancements in the development of our smart last-mile logistics business, which recorded approximately RMB29 million of revenue in the third quarter," said Mr. Min Luo, Founder, Chairman and Chief Executive Officer of Qudian. "We are optimistic about the potential of the e-commerce market across various regions globally. In line with our strategic vision, we are dedicated to expanding our investment in this sector. It is important to note that while pursuing growth, there is a possibility that we may incur additional operational losses. Nevertheless, we remain steadfast in our commitment to executing our business transition and simultaneously maintaining prudent cash management to safeguard our balance sheet."

### Third Quarter Financial Results

**Total revenues** were RMB29.6 million (US\$4.1 million), representing a decrease of 73.1% from RMB110.2 million for the third quarter of 2022.

**Financing income, penalty fee, loan facilitation income and other related income and transaction services fee and other related income** decreased to nil as a result of the winding down of the loan book business.

**Sales income and others** decreased to RMB29.6 million (US\$4.1 million), which was mostly attributable to incomes generated from last-mile delivery business, compared with RMB50.4 million for the third quarter of 2022, which was mainly attributable to sales income generated by QD Food. We have wound down the QD Food business in second quarter of 2023.

**Total operating costs and expenses** decreased to RMB141.1 million (US\$19.3 million) from RMB 410.6 million for the third quarter of 2022.

**Cost of revenues** decreased by 80.4% to RMB46.3 million (US\$6.3 million) from RMB236.2 million for the third quarter of 2022, primarily due to the winding down of the QD Food business and loan book business, partially offset by cost from last-mile delivery business.

**Sales and marketing expenses** decreased to nil as a result of the winding down of the loan book business and QD Food business.

**General and administrative expenses** increased by 28.1% to RMB80.8 million (US\$11.1 million) from RMB63.1 million for the third quarter of 2022, primarily due to the increase in third-party professional services fees and travel expenses.

**Research and development expenses** decreased by 35.1% to RMB11.3 million (US\$1.5 million) from RMB17.4 million for the third quarter of 2022, as a result of the decrease in staff head count, which led to a corresponding decrease in staff salaries and a decrease in third-party service fees.

**Expected credit loss for receivables and other assets** was RMB4.0 million (US\$0.5 million) as compared to a gain of RMB63.6 million for the third quarter of 2022, primarily because we collected previously impaired bad debt related to the businesses the Company historically operated in the third quarter of 2022.

**Loss from operations** was RMB100.8 million (US\$13.8 million), compared to RMB 299.8 million for the third quarter of 2022.

**Interest and investment loss, net** decreased by 90.4% to RMB7.1 million (US\$1.0 million) from RMB73.6 million for the third quarter of 2022, mainly due to the decrease of loss from investments in the third quarter of 2023.

**Loss on derivative instrument** decreased by 69.8% to RMB108 million (US\$14.8 million) from RMB358.2 million for the third quarter of 2022, primarily due to the decrease in quoted price of the underlying equity securities relating to the derivative instruments we held.

**Net loss attributable to Qudian's shareholders** was RMB181.2 million (US\$24.8 million). Net loss per diluted ADS was RMB0.84 (US\$0.12).

Non-GAAP net loss attributable to Qudian's shareholders was RMB179.8 million (US\$24.6 million). Non-GAAP net loss per diluted ADS was RMB0.84 (US\$0.11).

## Cash Flow

As of September 30, 2023, the Company had **cash and cash equivalents** of RMB7,226.4 million (US\$990.5 million) and **restricted cash** of RMB67.1 million (US\$9.2 million).

For the third quarter of 2023, net cash used in operating activities was RMB151.2 million (US\$20.7 million), mainly due to the purchase of operating assets, payments for labor-related costs and expenses, and partially offset by cash received from interest income from the Company's short-term [investments.Net](#) cash provided by investing activities was RMB2,584.2 million (US\$354.2 million), mainly due to the net proceeds from the redemption of short-term investments. Net cash used in financing activities was RMB215.4 million (US\$29.5 million), mainly due to the repurchase of ordinary shares.

## Use of Non-GAAP Financial Measures

We use Non-GAAP net income/loss attributable to Qudian's shareholders, a Non-GAAP financial measure, in evaluating our operating results and for financial and operational decision-making purposes. We believe that Non-GAAP net income/loss attributable to Qudian's shareholders helps identify underlying trends in our business by excluding the impact of share-based compensation expenses, which are non-cash charges. We believe that Non-GAAP net income/loss attributable to Qudian's shareholders provides useful information about our operating results, enhances the overall understanding of our past performance and future prospects and allows for greater visibility with respect to key metrics used by our management in its financial and operational decision-making.

Non-GAAP net income/loss attributable to Qudian's shareholders is not defined under U.S. GAAP and is not presented in accordance with U.S. GAAP. This Non-GAAP financial measure has limitations as an analytical tool, and when assessing our operating performance, cash flows or our liquidity, investors should not consider them in isolation, or as a substitute for net loss/income, cash flows provided by operating activities or other consolidated statements of operation and cash flow data prepared in accordance with U.S. GAAP.

We mitigate these limitations by reconciling the Non-GAAP financial measure to the most comparable U.S. GAAP performance measure, all of which should be considered when evaluating our performance.

For more information on this Non-GAAP financial measure, please see the table captioned "Unaudited Reconciliation of GAAP and Non-GAAP Results" set forth at the end of this press release.
