### **Use of Non-GAAP Financial Measures**

We use Non-GAAP net income/loss attributable to Qudian's shareholders, a Non-GAAP financial measure, in evaluating our operating results and for financial and operational decision-making purposes. We believe that Non-GAAP net income/loss attributable to Qudian's shareholders helps identify underlying trends in our business by excluding the impact of share-based compensation expenses, which are non-cash charges. We believe that Non-GAAP net income/loss attributable to Qudian's shareholders provides useful information about our operating results, enhances the overall understanding of our past performance and future prospects and allows for greater visibility with respect to key metrics used by our management in its financial and operational decision-making.

Non-GAAP net income/loss attributable to Qudian's shareholders is not defined under U.S. GAAP and is not presented in accordance with U.S. GAAP. This Non-GAAP financial measure has limitations as an analytical tool, and when assessing our operating performance, cash flows or our liquidity, investors should not consider them in isolation, or as a substitute for net loss /income, cash flows provided by operating activities or other

consolidated statements of operation and cash flow data prepared in accordance with U.S. GAAP.

We mitigate these limitations by reconciling the Non-GAAP financial measure to the most comparable U.S. GAAP performance measure, all of which should be considered when evaluating our performance.

For more information on this Non-GAAP financial measure, please see the table captioned "Unaudited Reconciliation of GAAP and Non-GAAP Results" set forth at the end of this press release.
