6月 14, 2022

XIAMEN, China, June 14, 2022 /PRNewswire/ -- Qudian Inc. ("Qudian" or "the Company" or "We") (NYSE: QD), a consumer-oriented technology company in China, today announced that its board of directors has authorized a share repurchase program under which the Company may repurchase up to US\$200 million worth of its outstanding (i) American depository shares ("ADSs"), each representing one Class A ordinary share, and/or (ii) Class A ordinary shares over the next 24 months starting from June 13, 2022.

Under the share repurchase program, the Company may repurchase its ADSs from time to time through open market transactions at prevailing market prices, privately negotiated transactions, block trades or any combination thereof. In addition, the Company will also effect repurchase transactions in compliance with Rule 10b5-1 and/or Rule 10b-18 under the Securities Exchange Act of 1934, as amended, and its insider trading policy. The number of ADSs repurchased and the timing of repurchases will depend on a number of factors, including, but not limited to, share price, trading volume and general market conditions, along with the Company's working capital requirements and general business conditions. The Company's board of directors will review the share repurchase program periodically, and may authorize adjustment of its terms and size. The Company plans to fund the repurchases from its existing cash balance and does not expect the repurchase program to adversely affect its existing business strategies.
